

WIndiana 2011 and the Indiana Renewable Energy Conference
July 20-21, 2011
Indiana Convention Center

Tentative Agenda
(Subject to Change)

Time	IREC		WIndiana 2011		
	Day 1				
8:00a	Registration/Breakfast/Exhibit Hall				
9:00a					
10:00a	Distributed Renewable Power Basics: Net metering, Feed-in Tariff, Inter-connection, finding funding.		Welcome— Renewable State of the Nation Renewable State of the State		
	Break				
11:00a	Solar PV: How-to Workshop on Photovoltaic. Home, Small business	Distributed Wind: How-to Workshop on Wind power for residential and small business.	Common Ground— General Session on issues common to all large scale renewable energy projects/initiatives: Storage, Regulation, Feed-in Tariff, Recs/Carbon, Environmental/Health		
12:00N			Lunch		
1:00pm	Break		Break/Lunch overrun		
2:00p	Solar Therm: How-to workshop for Solar Hot water	Greater Indiana Clean Cities EV Vehicle Workshop	Wind-Get Me To The Grid! Discussion on transmission and distribution issues; Integration, storage.	Solar-Build First, Use Later Enhancing the Solar manufacturing supply chain in Indiana	Biomass Basics General Discussion on what Biomass in Indiana is all about.
3:00p	Break	Break	Networking Break		
4:00p	Energy Innovations: Learn about other technologies: Geothermal MicroHydroElectric Biomass, etc	Greater Indiana Clean Cities EV Vehicle Workshop	Wind-Build First, Use Later. Update on wind power manufacturing in Indiana	Solar-Show Me The Funding! Project Development and financing in Indiana.	Biomass– Show Me the Funding! Biomass Project Development and financing in Indiana.
5:00p		Networking Reception/Exhibition Hall			
6:00p					
7:00p					

**WIndiana 2011 and the Indiana Renewable Energy Conference
July 20-21, 2011
Indiana Convention Center**

**Tentative Agenda
(Subject to Change)**

Time	IREC		WIndiana 2011		
	Day 2				
8:00a	Registration/Breakfast/Morning Networking/Exhibition Hour				
9:00a	Teaching The Teacher K-12 renewable energy curriculum workshop.	Law and Markets Legal issues with Utility scale Wind farm development. Energy Markets and how they are shaping Indiana's renewable energy future.	Wind-Show Me The Funding! Project Development and financing in Indiana.	Solar- Developing Workforce Building Indiana's educational support system. Creating/retaining a solar energy workforce.	Biomass-Get Me To The Grid! Discussion on transmission and distribution issues; Integration, storage.
10:00a			Break		
11:00a			Wind- Developing Workforce Building Indiana's educational support system. Creating/retaining a wind power workforce.	Solar-Get Me To The Grid! Discussion on transmission and distribution issues; Integration, storage.	Biomass-Build First, Use Later. Update on wind power manufacturing in Indiana
12:00N	Lunch Break		Box Lunch/Talk The Talk/Exhibit Hall Finale		
1:00pm					
2:00p	USGBC- Continuing Education Session: Renewable Energy USGBC-Indiana Chapter members will hold a continuing education session.		Wind Tour: Horizon (tentative)	Solar Tour: Johnson Melloh (confirmed)	Biomass Tour: Southside Landfill (tentative)
3:00p					
4:00p
